

## VSCDA's Ozark Vintage Festival October 14-16, 2022

Join VSCDA as we end our season with the 1<sup>st</sup> Annual Ozarks Vintage Festival at the Ozarks International Raceway in Gravois Mills, Missouri. This world class track located in the heart of the Ozarks featuring 3.97 miles of paved road-course racing with 17 turns. This is a technical track that will take a bit of time to master. So, we have planned this event to maximize track time for all. That means no specialty races, no enduro just plain old track time. Practice and qualifying events will be 25-30 minute and all races 30 minutes races. VSCDA is famous for the value it offers the vintage racer and the amount of track time you get at our events. Come join us at our inaugural event!

The friendships you build with your fellow racers is as important to the racing itself. This year we will have a catered dinner at the track both Friday and Saturday evening. The dinners will be held in the garages so everyone will have a chance to tell their lies and stories.

During the day, food will be available from a variety of food trucks offering something for everyone.

There is plenty of paved parking in the paddock areas and garages are available to rent.

***Our featured marque for this event will be the mighty Volvo. Please make a point to visit all of the street and race Volvos at the car Corral.***

***VSCDA's Ozarks Vintage Festival (October 14-16) is now live!***
