INSTRUCTIONS: Prior to bringing the car to the track event, inspect each item on car as noted on tech sheet. Consult your copy of VSCDA rules if you have a question regarding any item on the tech sheet. As each item is inspected, check it off on the sheet. After all items have been checked, sign off on the appropriate line on the back of the form. PLEASE NOTE: All of this is to be accomplished prior to tech inspection. Your inspection will help you determine that your car is ready. This is your responsibility. The VSCDA scrutineers are only confirming that fact. If you have any questions, contact the Chief of Tech or Asst Chief of Tech.
