Dear Doctor,

You are being asked to examine this individual who is applying for competition racing privileges with the Vintage Sports Car Drivers Association, Ltd, (VSCDA). This form concentrates on the organ system and disease processes that may jeopardize the Applicant or others attending a competition race event.

The functional requirements of the Applicant to drive in a competition automobile are:

1. Brain: the ability for rapid mental activity and problem solving.
2. Limbs: the ability to rapidly operate acceleration, braking and steering mechanisms and to rapidly exit the car without assistance.
3. Vision: distant vision correctable to 20/30 each eye, normal depth perception, peripheral vision to 70 degrees in the horizontal median for each eye and the ability to distinguish basic colors.
4. Minimal chance of sudden incapacitation from any disease process. The environment in which the Applicant may operate a competition automobile is:
  1. Temperature extremes from 0 to at least 120 degrees.
  2. Smoke, fumes, vapor and dust.
  3. Noise and vibration, deceleration and cornering forces.
  4. Potential for the presence of fire.

**Applicants are required to submit a current physical examination every two (2) years (at 60 years of age, it is required annually).**

Thank you for your cooperation.  
The VSCDA Board of Directors
